Thank you for sharing views on future of NHS

Thank you

healthwatch

We want to say a huge [thank you](#) to everyone who has shared their feedback with us about the local implementation of the NHS Long Term Plan.

We've spoken to more than 340 people throughout Wiltshire about how they would like to see the changes set out in the NHS Long Term Plan implemented. The plan sets out a number of ways in which NHS care needs to improve, so local communities took the opportunity to have their say about what those changes should look like - both in person and via an online survey.

We've been to markets, libraries, leisure centres and community groups and we will now share this feedback with local services to inform how the Long Term Plan is implemented in Wiltshire.

A full report will be out in June.

Join our Board!

We're looking for people with a passion for health and social care services to join our Local Leadership Board.

Applications are open to anyone who wants to see services meet the needs of those who use them.

Find out more about the role on our [website](#) - please apply by 23 June.

Community Cash Fund chosen projects revealed

Five projects that aim to boost the health and wellbeing of people in Wiltshire have been awarded a grant from our Community Cash Fund.

As well as encouraging healthier lifestyles, the projects will also provide a way for us to get more feedback on local services from people we might not otherwise hear from.

Tell us your thoughts on future of GP surgeries

From July 2019, GP surgeries in Wiltshire will group together to form Primary Care Networks (PCNs). The aim is to provide more services to patients and to work more closely with other services such as hospitals, pharmacies, mental health, and social care.

We want to know what you think about PCNs and how they could work for you. [See our website](#) for more details and to have your say.

[Have your say](#)

Have your say on way GPs use patient feedback

The General Medical Council are looking for your views on changes to the way GPs use patient feedback. An online survey is [available here](#) and open until 23 July.
