

July 2019

How we've made a difference this year

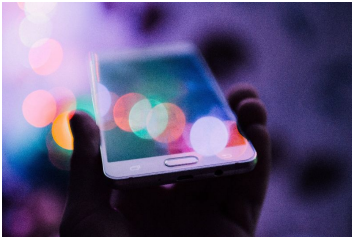

Gathering hundreds of your health and social care stories and championing what matters to you have formed the cornerstone of a busy year for us.

[A Year in Review](#) showcases how we've made a difference to your community and how we've helped you find the answers you need.

[Read more](#) about our work over the past year and our priorities for the year ahead.

Share your views on new digital strategy

[Bath and North East Somerset, Wiltshire and Swindon](#) are currently creating a new digital strategy which proposes how digital technologies can be used to support you to manage your health and care better, access information and support, and receive services in a way to suit you.

Come along to a workshop on Wednesday 14 August to discuss the draft digital strategy and share your views on what it should focus on. Let us know by Friday 9 August if you'd like to come.

People asked for thoughts on key health plan

Views are being sought on a strategy which sets out how people's health and wellbeing will be supported in Wiltshire, giving them the best opportunities to thrive.

A consultation on the draft Wiltshire Health and Wellbeing Strategy 2019-2022 is under way and people have until 5 August to provide their feedback.

[Take the survey](#)

How can Primary Care Networks work for you?

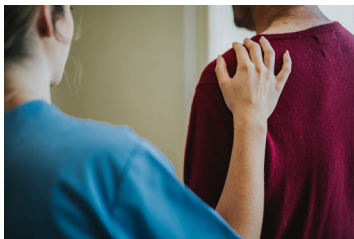

From this month, GP practices will be grouping together to provide more services to patients and will be working more closely with other services such as hospitals, pharmacies, mental health and social care.

We want to hear your views on how these groups, called [Primary Care Networks](#), could work for you. How do you think GP surgeries can work together to improve care for people with long term conditions?

Have your say

Tell us your experiences of adultsafeguarding

We're keen to hear from anyone who has been through the adult safeguarding process in Wiltshire to find out how the system has worked for you.

Please take part in our [short survey](#) to tell us about your experiences.

Clinical Commissioning Groups set to merge

Three groups responsible for the planning, buying and monitoring of health services in Bath and North East Somerset, Swindon and Wiltshire could become one single organisation as soon as April 2020.

As one Clinical Commissioning Group (CCG), health leaders can reduce variation in care and standardise best practice so everyone can access high quality treatment and services, regardless of where they live.

Find out more and share your views on the plans.
